TO THE BOARDS OF SELECTMEN:

The successful control of brush and woods fires is highly dependent upon the cooperation of all townspeople in the prevention of these fires. To the end of enlisting this help, many wardens have asked us to assist them in preparing a brief statement which could be printed in the forthcoming Annual Town Reports. This statement appears below and your cooperation in seeing to its publication will be highly helpful.

Concord, January, 1949. JOHN H. FOSTER, State Forester.

REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

(1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.

(2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.

(3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

1948 FIRE RECORD

Number of Fires 2.

Acreage Burned 70.

Number of Fire Permits Issued 6.

Respectfully submitted,

CHARLES F. YOUNG
District Fire Chief

PHILIP A. EMMES
Forest Fire Warden

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by-source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

GENERAL COMMENTS

The accounts and records of all town officials were found in good condition and the accounting procedure conformed to the uniform system prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Sharon for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

Herbert E. Hunt, Auditor.
Hugh J. Cassidy, Accountant.

B. ADMINISTRATIVE POLICY

The past year has brought a noteworthy increase throughout the United States in the interest taken by parents and other laymen in the part our public schools play in the formation of the pattern of our society. One evidence of the interest in this area is the increased activity of parent-teacher associations.

Each district in this supervisory union, except Sharon which has no school, now has an active working P. T. A. These organizations have evidenced high interest in pupil welfare by the exceedingly effective work they have done in supporting their major project this year—the school lunch program.

It is the recognition of the need of the combined efforts of all—teachers, school boards, parents and superintendent—working in close cooperation that has made it possible to accomplish so much. The welfare of boys and girls will be served continually better as we gain new experiences in cooperative study and planning toward that high goal. There is much to be done but real accomplishment can be seen when there is a concentration of effort upon each specific problem. The development of our schools as the foundation of our society is the responsibility of each and every one of us as a member of that society.

C. ADMINISTRATIVE ORGANIZATION

Judging from the number of questions asked your superintendent of schools regarding the administrative organization of this supervisory union, it seems appropriate to devote a small amount of space in this report to this subject.

This union, known as the Peterborough-Jaffrey Supervisory Union No. 47, is one of the 48 of which the state is comprised and is composed of six school districts: Peterborough, Jaffrey, Dublin, Hancock, Rindge and Sharon. The following table of facts should be of interest:

Dis.	Schools	Pupils	Instructors		Physi- Nurses	Lunch cians	Workers	Jani- tors	Trans- porters
			Reg.	Spec.					
Peterboro	2	482	19	4	1	1	3	2	1
Jaffrey	2	541	24	3	1	0	4	2	5
Dublin	1	87	4	2	1	1	1	1	4
Hancock	2	109	7	2	1	1	1	2	1
Rindge	3	79	4	2	1	0	0	3	7
Sharon	0	0	0	0	0	0	0	0	1
Totals	10	1298	58	6*	2*	3	9	10	18*

*Not including duplications.

The governing and directing bodies of the respective schools are the six school boards and the board of trustees of Hancock High School for whom the superintendent serves as educational advisor and executive officer. It is significant to note that in the performance of his duties he is responsible for the supervision of these 106 employees who constitute the working staff for the operation of the educational program for the 1298 pupils enrolled.

Clerk of the School District

TO THE STATE BOARD OF EDUCATION:

I certify that the above is a correct statement of the financial proceedings of the district for the school year 1948-49, and that copies of this statement have been filed with the chairman of the board of selectmen and entered in the records of the school board in accordance with N. Chairman of the School Board

D. SCHOOL BOARD'S ESTIMATE FOR 1949-50

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1949.

EXPENDITURES

Support of Schools:		
Transportation—High School	\$200	
Elementary	1,753	
Elementary Tuition	475	
	<hr/>	
Totals		\$2,428
Other Statutory Requirements:		
Salaries of District Officers	\$69	
Supt.'s salary (local share)	55	
Tax for State Wide Supervision	16	
High School Tuition	135	
Retirement	6	
Other Obligations	102	
	<hr/>	
		\$383
Total amount required to meet		
School Board's Budget		\$2,811

INCOME

Assessment required to balance School		
Board's Budget		\$2,811
Special Appropriations Proposed		
(Articles in Warrant):		
State Auditors	\$20	
Deficiency Appropriations 1948-49	215	
	<hr/>	
		235
Total Assessment Required to Cover		
Budget and Appropriations		\$3,046

In the school board's budget presented at the 1948 school district meeting, the estimate for transportation was \$1,800. The district voted to change this to \$1,100 and thereby cut the requested total appropriation the same amount. As the present transportation contract was made for \$1,440, \$340 more than the appropriation, and the elementary tuition is expected to be \$300, \$50 more than the budget estimate, there will be an expected deficit.

To help offset the overrun on these two items, there was an unexpected balance of approximately \$175 left over from last year, so the net deficiency anticipated is \$340 plus \$50 minus \$175, or \$215.

As this report goes to the printer it seems unlikely that any state aid appropriated by the legislature will provide any aid to Sharon, so this item has been removed from the estimated income.
